

Hypertensive Disease (401-405)

Essential Hypertension:

Includes:

High Blood Pressure, Hyperpiesia, or Hypertension (arterial) (essential) (primary) (systemic)

Excludes:

Elevated blood pressure without a diagnosis of hypertension (796.2), Pulmonary Hypertension (416.0 – 416.9), That involving vessels of: Brain (430-438) or Eye (362.11)

Malignant	Benign	Unspecified
401.0	401.1	401.9

Hypertensive Heart Disease

Includes:

Hypertensive: Cardiomegaly, Cardiopathy, Cardiovascular Disease, or Heart (Disease) (Failure), Any condition classifiable to 428, 429.0 – 429.3, 429.8, 429.9 due to hypertension

Malignant	Benign	Unspecified
402.00	402.10	402.90
402.01	402.11	402.91

Without CHF

With CHF

Hypertensive Renal Disease

Includes:

Arteriolar Nephritis, Arteriosclerosis of Kidney or Renal Arterioles, Arteriosclerotic Nephritis (Chronic) (Interstitial), Hypertensive Nephropathy, Renal Failure, Uremia (Chronic), Nephrosclerosis, Renal Sclerosis with Hypertension, Any condition classifiable to 585, 586, or 587 with any condition classifiable to 401

Excludes:

Acute Renal Failure (584.5 – 584.9), Renal Disease stated as NOT due to Hypertension, Renovascular Hypertension (405.0 – 405.9 with fifth digit 1)

Malignant	Benign	Unspecified
403.00	403.10	403.90
403.01	403.11	403.91

Without Mention of Renal Failure

With Renal Failure

Hypertensive Heart And Renal Disease

Includes:

Cardiorenal Disease or Cardiovascular Renal Disease, Any condition classifiable to 402 with any condition classifiable to 403

Malignant	Benign	Unspecified
404.00	404.10	404.90
404.01	404.11	404.91
404.02	404.12	404.92
404.03	404.13	404.93

Without Mention of CHF or Renal Failure

With CHF

With Renal Failure

Without CHF and Renal Failure

SECONDARY HYPERTENSION – High arterial blood pressure due to or with a variety of primary diseases, such as renal disorders, CNS disorders, endocrine and vascular diseases.

Malignant	Benign	Unspecified
405.01	405.11	405.91
405.09	405.19	405.99

Renovascular

Other

Hypertensive Encephalopathy: Cerebral manifestations (such as visual disturbances, headache, stupor, confusion, seizures/convulsions) due to elevated blood pressure.

Code: 437.2

Elevated Blood Pressure Reading Without Diagnosis Of Hypertension

Code: 796.2

Hypertension – Complications Affecting Other Specified Body Systems

Code: 997.91
